

The Daily Courant.

Monday, December 16. 1706.

London, December 16.

IN the Courant of the 2d of this Month, we began to give an Account of the Treaty that has been some time in Agitation for a provisional Partition of the upper (or Spanish) Gelderland between the King of Prussia and the States General, whose Forces are in possession of that Province: In that Courant were inserted 2 authentick Pieces on that Subject, one on the Part of the King of Prussia, the other on the Part of the States General, to which the following Piece refer; and together with them shew the true State of this Affair.

Extract of a Memorial presented to the States General, the 14th of October 1706, by Baron Schmettau the King of Prussia's Minister.

High and Mighty Lords!

THE underwritten Minister having receiv'd your High Mightinesses Resolution of the 9th of September, in Answer to the Propositions made on the Part of his Prussian Majesty to your Deputies in a Conference the 4th of August; finds himself oblig'd by his Orders to make the following Representations to you.

I. His Majesty thanks your High Mightinesses, for having been pleas'd to give a Commission to M. Riboulet to go to Switzerland and Neuchatel, in Order to promote on your Part his Majesty's Interests there, for which purpose you have furnish'd him with credential Letters. His Majesty will shew his Acknowledgment of this, on all Occasions wherein he can reciprocally promote the just Interests of your State.

II. As for your High Mightinesses Proposal for a Partition of the upper Gelderland, there is Ground to believe it might be inserted into your abovementioned Resolution by Mistake; because 'tis the very same which was deliver'd on the Part of your High Mightinesses the 9th of April 1704, and to which the following Answer was return'd on the Part of his Majesty the 30th of that Month. &c.

At the Hague the 14th of October 1706.

W. B. de Schmettau.

HIS Majesty the King of Prussia having seen by the Extract of the Resolutions of their High Mightinesses of the 9th of April, their Declaration touching the provisional Partition of the upper Gelderland, and being desirous to terminate amicably and speedily that Difference, declares himself thereupon in the following Manner.

As to the 1st Article, his Majesty is content that the Partition be provisionel and without prejudicing the Rights of any third Person, but he is of Opinion the Words *only for the Time the War shall last* ought to be omitted; and hopes their High Mightinesses will not insist that his Majesty should recede from a Right acquired by the Treaty with his Imperial Majesty, by Virtue of which he may keep possession of the Places which have been mortgag'd to him in the Spanish Netherlands, till his Pretensions are satisfied.

As to the 2d Article. Tho' his Majesty might with reason insist on his Pretensions to a third of the said upper Gelderland, yet he will be content with a fourth, provided the Tolls which are the principal Revenue of the Country be included in the Partition.

He is content to have for his Fourth

The Town of Gelder; and the Bailiwick of Gelder, including great and little Kevelaer and Ray.

The Town and Bailiwick of Strahlen.

The Town and Bailiwick of Wachrendonk.

The Village of Huinsbeck.

And whereas the Tolls of Venlo and Ruremonde are worth (according to the Intelligence his Majesty has receiv'd) 170000 Guilders yearly, and to his Majesty would have hardly more than an Eighth of the Revenue of upper Gelderland should he be excluded from any Part in those Tolls, and be content with only a 4th of the Subsidies; his Majesty promises himself from the Equity of their High Mightinesses, that they will not insist upon reserving those Tolls to themselves, but let his Majesty have his fourth of them: And for a Proof of his Majesty's Willingness to make up this Difference amicably, and for taking away all Cause of Umbrage, he will be content with an Equivalent tho' of a Revenue not equal to the said fourth of the Tolls, taking for that Equivalent the Lordship of Euklens of which his Majesty is already possess'd, and the Lordships of Weel, Afferden, Aersen, and Walbeck, anciently appertaining to the Fortress of Gelder; provided the Toll of Middelaer be added, which is receiv'd at Venlo; and also the Rights arising to the Owner of the Lordship of Euklens of which the King of Prussia is Lord proprietor: The Revenue of all those Places, and of the said Toll of Middelaer amounting together but to about an Eighth of the Tolls of upper Gelderland.

As to the 3d Article. The King of Prussia will make no Pretensions to the Country of upper Gelderland beyond what shall be agreed to be his Part by this provisional Partition, which shall be no Prejudice to the Rights and Territories lying in the said upper Gelderland and belonging to the Succession of Orange, and which shall be left to the Course of the Process commenc'd at Ruremonde, and in the mean time continue in the Condition wherein they were possess'd by the Princes of Orange under the Kings of Spain. For the rest, as well the King as their High Mightinesses shall exercise provisionally, each in their Part of the said Country, the Rights of Sovereignty, and neither Party shall be under any Dependence to the other.

As to the 4th Article. When Carts and Pioneers are to be furnish'd for the Service of the Army acting on the Maese, and that upper Gelderland shall be summon'd to send in a Number proportionable to what is demanded of the other Countries situate on that River and retaken from the Enemy; his Majesty being requir'd will cause that Part of the Country he is possess'd of to furnish its Proportion: Regard shall be had however to the Situation and Distance of the Places of which the said Carts and Waggon shall be demanded, that the People may not be ruin'd.

As to the 5th Article. The Places and Bailiwicks of upper Gelderland possess'd provisionally by the King of Prussia, shall pay yearly at 4 equal Terms to the Receiver General of the Province residing at Ruremonde, their usual Portion of the Imposts and Interests with which the Country is charg'd, on Account of the Sum of 24000 Guilders that is to be paid yearly by the whole upper Gelderland, for discharging the Interest of a Capital Sum of 540000 Guilders, lent by the Dutch in the Year 1692 to the King of Spain under the Guaranty of their High Mightinesses, till such time as the Capital itself is paid off: On Condition however, that the Lordship of Werth pay likewise its Share of 12000 Guilders per An-

sum stipulated to be paid towards discharging the said Capital. In like manner the Places and Bailiwicks of the upper Gelderland possess'd provisionally by their High Mightinesses, shall pay to the same Receiver General their usual Portion, towards discharging 65000 Crowns payable by upper Gelderland, part of the Capital Sum of 475000 Paracoons due to the King of Prussia by Virtue of the Treaty made at Loo the 20th of October 1697, of which the late King of England was Guarantee and also their High Mightinesses according to their Resolution of the 23d of October 1697.

As to the 6th Article. His Prussian Majesty agrees to it as being founded on Justice. &c.

St. James's, Dec. 12. This Day Sir Francis Child; Sir Owen Buckingham, Sir Tho. Rawlinson, Sir Charles Duncomb, Sir Gilbert Heathcote, and Sir William Wythers waited upon the Duke of Marlborough by Order of the Right Honourable the Lord Mayor and Court of Aldermen of the City of London; and did in their Names congratulate his Grace upon the Glorious Victory obtain'd at the Battle of Ramillies: They also desir'd his Grace to intercede with her Majesty, that the Trophies taken from the Enemy on that happy occasion might be placed in their Guild-Hall, as a Signal mark of her Majesty's favour to her Loyal and Faithful City. And lastly they made it their Request, that his Grace would honour them with his Company at Dinner, on the Day the Trophies were to be set up.

To which his Grace was pleas'd to answer to this Effect; That he thank'd them for their kind Congratulation, and assur'd them he would always make it his endeavour to deserve their good Opinion and Friendship, that he would be sure to intercede with her Majesty for the Trophies, and would not fail to wait upon them according to their desire on the Day they were put up.
